

# RED CROSS NOTES

## Attaches of Campaign Committee

With a few more days of "mop up" the \$150,000 War Fund Campaign of the Alberta Division of the Red Cross Society of Canada will have been completed and closed. Known results of the Campaign have far exceeded the best hopes of officials of the Society. Receipts in hand at the moment are \$151,000.

At this time members of the War Sub-committee of the Alberta Division take the opportunity to place on record their deep appreciation for the whole-hearted co-operation given by numerous organizations and individuals whose untiring voluntary efforts made the magnificent achievement a reality.

We feel that in the selection of Campaign directors in both Northern and Southern Alberta, as well as in the larger regional Branches, we were exceedingly fortunate. It is only just for us to say that in our opinion as a committee a major portion of credit is due them for the outstanding success achieved.

This statement would not be complete lacking an expression of our committee's gratitude to radio station managers, newspapers of the province, and particularly to the editors of the weekly press, whose generous donations of news space to our appeals for both funds and organization of local branches of the society, we believe have much to do with the gratifying results secured in both directions.

It is the desire of the committee that this statement should find a place on the maitre d'hotel of the Alberta Division, that those directly mentioned in it should receive a copy of it signed by the President and Commissioner of the Division, and that copies be sent to the various radio stations with a request that it be published.

J. A. MacLeod, President  
D. H. Tomlinson, Commissioner

The local Red Cross Society are endeavoring to arrange for a showing of the Royal Visit Picture in the Ophium Theatre, at a not too distant date. An announcement of this will be made next week, when arrangements are complete.

The regular Ladies Sewing Meetings will be resumed on Tuesday of tomorrow next, Jan. 9th, in the Red Cross Office.

# WEDDINGS

## CAMPBELL-ENGLISH

A quiet but pretty wedding took place last Thursday at the Lebel's when Doris Irene, youngest daughter of Mr. and Mrs. O. English became the bride of Mr. Veri Campbell, only son of Mr. and Mrs. E. W. Campbell, of Maplebrook. The bride looked lovely in a dress of powder blue and the Rev. Frichard united the couple in marriage.

The attendants were Mrs. George Ensign and Mr. T. Rodbourne.

After a short honeymoon in Calgary they will make their home in Maplebrook.

# FORD MECHANICS GIVE NEW TRAINING COURSES

Mr. Gordon Smith and Mr. A. Bowman, members of the mechanical service staff of Mr. Roy Smith, Local Ford dealership, are taking special courses in service and repair work at the training school now being conducted by Ford Motor Company of Canada, Limited in Calgary.

With the objective of maintaining the highest standards of service to owners of Ford products, the company is sponsoring these schools in its seven branch schools across Canada and at the main plant in Windsor, Ontario.

The schools are open to members of the service department and to dealerships and it is expected that this service men will be given this special service training.

The school is now being conducted at the branch plant there under the direction of J. L. P. O'Neil, branch service manager. Instructions, equipped with all modern tools and equipment, teach classes of 12 men. The classes will continue as long as there is sufficient enrollment.

# Hold Evangelistic Meetings Here Next Week

We now stand upon the threshold of a New Year not knowing with any certainty all that the future holds. There will be tests and trials, joys and sorrows, successes and failures. Such are the common lot of mankind, yet each is valued in its place for the lesson which may be derived from it.

A world is waiting for the Sunrise, a brighter day, ever as the scriptures have said, "The whole creation groans and travaill in pain together until now." There is to be a universal peace which will far exceed any form of peace this world has ever known. We deeply appreciate the efforts of those who have sought to establish peace among the nations, yet we know that a lasting peace will never be effected until the "Prince of Peace" returns.

The supreme duty of the church and its ministers is to point men to the Prince of Peace, where they will find satisfaction for time and eternity. We are therefore cordially inviting all to the meetings of the Bible School, of Calgary, in the T. O. O. P. Hall, on the evenings of January 5th, 6th, 7th and 8th, each meeting commencing at 8 p.m. sharp.

# ROSEMARY NOTES

Congratulations are extended to Mr. and Mrs. Blaine Gallup on their marriage in the Cardston, Alberta. Mrs. Gallup was formerly Miss Minnie Martin of Belier, near Cardston. The community unit is wishing the young couple the greatest of happiness and prosperity.

Miss Gladys McCall of the Calgary Highlanders spent Christmas week with her parents, Mr. and Mrs. John McCall.

Mr. Charles Simmon, principal at Cardston, returned to resume his duties attending the holiday week with his parents.

Miss Belle Adams returned to University Thursday evening to spend the week with her parents, Mr. and Mrs. Frank Adams.

Services are now being held in the hall at the home of the late Mrs. D. S. Chang. Although not completed, the new heating plant from Edmonton is now being installed and the interior of the Church will soon be finished.

Mr. McPhee of Calgary will be in the hall in connection with the Christmas services.

Miss Pearl and Joan Bastian of Calgary spent the holidays with their parents Mr. and Mrs. Roy Eastman.

Mr. Grant Bodmer spent the Xmas holidays with his folks in Patricia. Mr. and Mrs. Scotty Florence and daughter spent Christmas with Mrs. Florence's parents, Mr. and Mrs. J. White.

Miss Nora Feasey returned home to spend the holidays with her parents in Calgary for two months. Mr. and Mrs. Roy Norton spent the week-end in Calgary.

# CLUNY SCHOOL, JOHN BOW VALLEY SCHOOLS DIVISION

Effective on January 2nd, the Cluny School Division No. 284, became a part of the Enlarged Bow Valley School Division No. 43. The Cluny school is located in the village of Cluny, and until recently had retained its own separate school board.

Notice of the amalgamation of the Cluny school division was made by the Government in the Alberta Gazette three months ago, but the change did not come into effect until the New Year. It is understood that people of the Cluny district were anxious for the amalgamation, following reports of the success of the enlarged divisions.

In addition, the school will provide complete mechanical training to cover the servicing of all new Ford vehicles introduced this year throughout the full range of Ford products. The schools will also serve as refresher courses for mechanics on the servicing of Ford products generally, and a part of the training will cover the need of educating owners of the proper servicing of their cars if the best performance results are to be obtained.

This section of the course includes training in repair and maintenance work and in the use of special equipment for the complete tune-up of motors.

# Town Council Holds First Meeting of New Year

## REDUCES CHAUFFEUR LICENSE PREPARE FOR LOCAL ELECTION

The first meeting of the New Year for the Town Governing Officials was held in the Town Hall on Tuesday evening of this week, January 3rd, at 8 p.m. Mayor, Playfair and four councillors were present.

The Treasurer reported receipts for the month of December amounting to \$2,328.65, with payments amounting to \$2,518.08.

An application for relief was approved, as were one application for old age pensions, and two applications consolidation of taxes.

The Town Engineer, in his report stated that there had been two bursts in the local cemetery during the month. Five leaks in water mains had been repaired, and one fire hydrant had been repaired after being damaged during the flooding of the skating rink. He also stated that a survey had been made of the river banks at the pumping station, on the Bow River some miles south of town, with reference to repairing the intake at the pumping station. Findings of the survey were sent to Calgary engineers, who had not reported or advised the engineer further, as yet.

Both the Assembly and the pumps at the pumping station were reported to be in good working condition.

Two By-Laws were brought before the meeting, and placed on the records.

The first was an amendment to a By-Law stating that the license be charged to all business places selling cigarettes in Basano. The license fee for the sale of cigarettes previously had been \$15, but under the amendment it has been reduced to \$2.00.

The second By-Law appointed a licensing officer for the 1940 Municipal Elections in Basano. Jim J. Donaldson was appointed to act in this capacity.

The Municipal Elections will be held on the second Monday in February, the 12th. Nominations for councillors will be received at the town office on Monday previous to this date.

Mr. Milroy left last Thursday for a short visit with relatives in Ontario.

Miss C. Murdoch was a Calgary visitor the latter part of last week.

Mrs. L. Conn and Mrs. Merkavich were visitors to the city last week-end.

Miss Allan Hopkins returned on Wednesday evening from Calgary, where she spent the Xmas holidays.

Miss Betty Johnston of Calgary, was a visitor with her parents here the first of the week.

Mr. John Ross of Calgary was a visitor at the Barlow home over the week-end.

Miss Dorothy Beeher was a Calgary visitor on Sunday and Monday of this week.

Stanley White of the R.C.M.P. force at Regina, is spending a short holiday at the home of his mother in Basano.

Mr. E. Gougeon was called to Edmonton on Friday last due to the death of his father. He returned on Saturday.

George Scott, who spent the Xmas holidays visiting with his parents, Dr. and Mrs. Scott, returned to the University of Pennsylvania, on Tuesday.

B. A. Gordon returned to Basano on Friday last, after spending the Christmas holidays with his parents at Lloydminster.

Mr. Archie Hagg and Miss Joan Bradshaw of Calgary were visitors to the home of Mr. and Mrs. Brocklebank on Tuesday.

Chester Brocklebank, who is attending the University of Alberta at Edmonton, spent the Xmas holidays at the home of his parents in Basano.

Red Caldwell of Three Hills, formerly a member of the local band staff, was a visitor in Basano last Saturday.

## BOARD OF TRADE TO ELECT OFFICERS NEXT WEDNESDAY

The annual meeting and election of officers for the 1940 term of the Basano Board of Trade will be held in the Royal Cafe on Wednesday afternoon next, January 10th. The meeting will follow a luncheon, which commences at 1 p.m.

Reports of all committees functioning the past year will be heard and discussed. It is requested that all members for the past year will make a special effort to attend the meeting to elect its active part in the election of officers.

# Revise Personnel of Curling Rinks

New Year's day saw the first curling of the season in Basano, when a number of local citizens turned up in the cold weather to renew the hands of the game. Three fine sheets of ice were already ready to go, and it was not long before curling of the old hands of the game were reviving the broom and shoveling in mid-season form. Several new players took advantage of the opportunity and picked up a few pointers on how the game is played before the season started in earnest.

Last week, the Recorder published a line up of the rinks taking part this year. Since that time, a number of new members have been added to the list, making it necessary to revise the names of the rinks. One new rink was formed, and there are still several substitutes. A list of the revised rinks is published as follows:

- 1. Larry Edwards, skip, S. Meeres, H. Hansen, H. Medinger.
- 2. W. Flanagan, skip, D. Catro, G. LePage, A. Swartzenberger.
- 3. Brocklebank, skip, McCulloch, John Wight, B. Lore.
- 4. W. Flanagan, skip, D. Catro, G. LePage, A. Swartzenberger.
- 5. Schaffer, J. Avery, skip.
- 6. Keith, skip, R. A. Gordon, J. Simpson, B. Bassano.
- 7. W. Flanagan, skip, McKinnon, L. Simpson, Bill Hovey.
- 8. Riley, skip, F. C. J. Davis, H. Treiber.
- 9. Holmquist, skip, Beeher, Down, R. Broadfoot.
- 10. Simpson, skip, Waller, Barrow, J. Avery, skip.
- 11. Fred, skip, Hanna, Patterson, MacLeod.
- 12. Scott, skip, McKee, H. T. Johnson, E. Gougeon.
- 13. McNeil, skip, Currie, Green, Wood, J. P. Johnson.
- 14. Pierson, skip, H. MacLean, B. Bassano, Alder.
- 15. S. Edwards, skip, B. Edwards, N. Wight, Palmer.
- 16. Haskayne, skip, O. Catro, R. W. Ferguson.
- 17. H. Zeisler, skip, E. Marguard, A. LePage, H. Pragnell.
- 18. L. Parks and H. McManis.

Substitution—Substitution will be allowed; viz. skip for skip, 3rd for 3rd, 2nd for 2nd, and lead for lead; spare curlers to be given preference when substituting.

A knock-out draw, scheduled to have been played on New Year's Day, had to be postponed. Games in this draw, however, were played each night this week, results will be published next week.

## REPORT CHRISTMAS BUSINESS BRISK

Local merchants report that Christmas Business this year was considerably better than it has been for several years past. This bit of information tends to indicate the return of better times, and brings back memories of the days when all stores were packed to capacity.

Although business was reported better, it was also stated that it was not until the last few days before Christmas that any real indication of this was in evidence. This probably was due to the fact that people did not really feel the Christmas atmosphere until the last few days.

The increase in business is attributed to the much heavier crowd grown by farmers in the district during the holiday season, and the fact that the seasonally a trading centre depends upon its farming population for its clientele.

## LATHOM NOTES

Mr. and Mrs. H. Baker and Ron Baker, Xmas and New Year at home at the home of Mr. and Mrs. P. T. Stuhart.

Mr. and Mrs. H. Z. Lore were Calgary visitors on Monday and Tuesday. Mary Lore accompanied them.

The Social Concert was a decided success this year, with plays recitations and songs. A musical drill by the children was especially well received by the audience. After the concert games and dancing were the order of the evening and there was a lunch was served to all present.

Mr. and Mrs. E. H. Merrithew and family returned Thursday morning from Calgary where they spent Christmas and had a short holiday afterward.

Mr. and Mrs. Leveque is home after visiting at Drumheller for the past month.

## E.I.D. NOTES

It is hoped that if the water users themselves show sufficient enthusiasm for the operation of the cheese factory at Rosemary, the Government may approve of the E. I. D. advancing sufficient money to equip the factory and start it operating. In this hope the interested parties are getting busy with a new slogan and the gathering of full particulars so that they may have up-to-date information to present.

## Makepeace

A large crowd gathered in the Makepeace school house last Saturday night for a two-fold purpose. First to bid farewell to Mr. Bob Muller, who expects to leave for overseas in the near future, and to celebrate the new-idea. A mock wedding was performed when J. Melch again played the happy couple, Miss Vera Mullen acted as the bridesmaid, while Harry Jorgensen was the best man. After the wedding, dancing was held to the music of the orchestra. Mr. Muller and the new-idea were expressed their thanks. Later lunch was served. Everyone wishes Mr. and Mrs. V. Campbell every happiness in their married life.

During the holidays season the following people entertained:

Mr. and Mrs. J. Bulger and family, Mr. R. Hoberman and Mr. Rodbourne saw the old year out, and the New Year in at the home of Mr. and Mrs. E. W. Campbell.

Miss Hilda Rodbourne of Calgary spent the holidays at her home at Crowfoot.

Mr. and Mrs. J. Clark spent New Year at the home of the latter's parents, Mr. and Mrs. Leonard of Basano.

Mr. and Mrs. R. Beeley spent the holidays with both Mr. and Mrs. Thew and Mr. and Mrs. Beeley Sr.

Mr. and Mrs. Roberg had their family all at home for the New Year. Mr. and Mrs. J. Law, Mrs. Lake, Mr. and Mrs. K. Down of Basano, and Mrs. V. Dorn of Basano.

Mr. and Mrs. G. H. Montgomery of Basano were the guests for dinner. Mr. Heffewer, Mr. Bert Hone, Mr. and Mrs. S. Rodbourne were Calgary visitors during the holiday.

Mr. and Mrs. Charlie Jorgensen had their four married daughters home for the holidays, which included Mr. and Mrs. J. Bell of Husker, Mr. and Mrs. S. Sackel of Drumheller, Mr. and Mrs. Bob Pardon of Calgary, and Mr. and Mrs. H. Beckwith of Husker.

After two very successful Xmas Concerts both teachers of Crowfoot and Makepeace spent Christmas and New Year at home. Miss Doris Living in Edmonton and Miss Drummond in Nakamaki.

Makepeace is progressing steadily. The visitors here are spending all their spare time in completing a rink where we hope many hours of enjoyment will be had.

Mr. Fredrick Jorgensen returned to Olds Agricultural School after spending the holidays with his parents at Basano. The Jorgensen Orchestra along with the local boys supplied the music.

One of the most enjoyable evenings during the holiday season was spent at the school on Christmas night. Everyone was so full of turkey they found it difficult to dance, but it made things all the merrier. It was one of the largest crowds of the season. The Jorgensen Orchestra along with the local boys supplied the music.

Mr. A. J. Leveque has as Christmas guests friends and relatives from Calgary, to do some shopping.

Mr. and Mrs. Big Gougeon were Sunday callers at the Goudie home.

Mr. and Mrs. Mervyn and Marian were New Year's Day guests at the Goudie, Pickett home.

## The BASSANO RECORDER

An Independent Weekly Newspaper Published Thursdays at the Office of the Recorder at 100 Queen Street East, Toronto, Ontario, Canada. Published by FLOYD T. CARY, PUBLISHER.

Advertising rates furnished on application. Subscription Rates: Canada, \$2.00 per year (Great Britain and the United States, \$2.50).

FLOYD T. CARY, PUBLISHER

Thursday, January 4th, 1940.

### CANADA'S FIRST WAR LOAN

OTTAWA'S ANNOUNCEMENT that preparations are under way for Canada's first war loan, now scheduled to make its appearance during the first quarter of 1940, is good news inasmuch as it will provide the rank and file of Canadians with an opportunity to make their first direct contribution to Canada's war effort. The backbone of Canada's participation in this war is the financial support of the vast amount of foodstuffs, materials and military supplies that will be required from this country. True, much of these materials will be paid for by the Allies, but some of the British purchases in this country will have to be financed by Canada, and Canada's own program will be extensive. It seems probable that at least 40 per cent of the national income will be required in the next year to meet the cost of war and the other expenditures of all governments in Canada and to finance British purchases here.

Canada has come a long way since the last war in developing a fiscal system of equality in citizenship and its attendant responsibilities. As announced in the first war budget, this war, in as far as Canada is concerned, will be financed as far as practicable on a "pay as you go" basis, and paid would be impossible to tax for the entire cost of swinging the program into action without tending to hamper initiative, lessen efficiency and retard the expansion of production and national income. Tax revenues, therefore, must be supplemented through borrowing by means of domestic bond flotations.

It may, too, be taken for granted that there will be no "tax free" bonds in this war, that will gravitate a few holders and enable them to minimize their income taxes. Nor will there be any duplication of the abnormal profits from war materials witnessed during the last war. The safeguard against this is the Excess Profits Tax, enacted at the special war session of the Canadian Parliament.

It is indicated that the forthcoming war loan will have bonds as low as \$50 in denomination, and it is the hope of the Minister of Finance, Hon. J. L. Ralston, K.C., that every Canadian will become a creditor to the Canadian Government through his or her ownership of a Government bond. A creditor relationship of every citizen with his government is an assurance of good government and of good citizenship.

Conditions in Canada offer propitious circumstances for the loan when it comes. War orders and the large Western wheat crop are beginning to have their effect in expanding business activity. Employment is increasing, and the physical volume of business, as measured by the Dominion Bureau of Statistics indices, is approaching an all-time peak. With the increased activity generally in the business world and promise of its continuance, the first war loan can be expected to meet a ready reception.

AS WE ENTER the new year we have our minds set on one of the most important tasks, winning the war. However, he is wisest who can see furthest ahead, and it is we think most important, that in the New Year all efforts be made to ensure the welfare of the Bassano District both now and in the future.

There can be no doubt that this can be done only by the sincere, unselfish and organized effort of the citizens in general, and in the town in particular can only be done through the efforts of the local Board of Trade. A Board of Trade which is officed and led by men of initiative and stability offed, and in the past the local Board has succeeded, largely through its wisdom in this regard.

This month the Board is again faced with the task of selecting its officers for the coming year. We trust they will exercise their usual good judgement, and that every effort will be made to continue with increased effectiveness, the path of community effort which has been, for we need hereof.

PERHAPS THE RADIO is partly to blame for a new note in campaign oratory, of which we saw signs here early last week. Shut up with his conscience and microphone, his audience vague and invisible the candidate loses his inhibitions. He tells the listening world of his merits in terms he would hesitate to employ if facing in the flesh a few scores of hundreds of his fellow citizens, because then he would be afraid of ridicule. —Ottawa Journal.

AN ECONOMIC federation of peoples, a league with its foundations laid on production and distrib-

### HOW THEY HOLD THEIR JOBS

Pravda, the leading Soviet newspaper, gave 7 columns to Stalin's birthday, one column to world news. That is how Stalin holds his job. It is how any dictator holds his job. —Mussolini once said to a United States diplomat.

"You democracies don't understand how hard is the job of a dictator. If a democratic ruler has 60 per cent of the people on his side, he may rule comfortably. We dictators must have 95 per cent."

How do they get the 95 per cent? They get it by the combination of force and propaganda. Force is the main thing, but not all. There must be in addition a constant stream of propaganda; a controlled, dragooned press and radio that will always praise the dictator, and never criticize him; that will laud all his policies; bless all his philosophies. —Ottawa Journal.

### HIS AIM

HERR, HITLER has a solution for the problem of the peace of the world. He outlines it in Mein Kampf, as follows: "Whoever really desires in his heart the victory of the pacifist conception of the world must devote himself by every means to the conquest of the world by the Germans. . . . The pacifist humanitarian idea will perhaps be excellent when the man superior to all others shall have so conquered and subjugated the world that he becomes its sole master." Those who are continually carping about the Allied War aims should read Mein Kampf. —Victoria Colonist.

### NAZI CENSORS WEATHER

THE NAZI GOVERNMENT has begun censoring Czech weather reports because the official Czech weather bureau issued the following forecast: "Cold and rain will continue for some time but fine weather is approaching. Cloudy in Germany, with the likelihood of disturbance." Evidently, the Czechs have a sense of humor, and that is a great help in a crazy weather. —Barrie Examiner.

### NO SUCH PARAGON EXISTS

SOMETIMES YE EDITOR runs out of adjectives in describing the qualities of a bride—not so the Nebraska Call.

The following will win a watch in any competition:

"The bride is a woman of wonderful fascination and remarkable attractiveness, with a manner as enchanting as the wand of a siren and a disposition as sweet as the colors of flowers, and a spirit as joyous as the carolling bird, and a mind as brilliant as the glittering tresses that adorn the brow of winter, and with a heart as pure as the dewdrops trembling in a coronet of violets, she will make the home of her husband a paradise of enchantment; where the heaven-tuned harp of Hymen shall send forth those sweet strains of felicity that thrill the sense with the ecstatic pulsing of rhythmic rapture." —Exchange.

### YE MARINERS OF ENGLAND

Ye mariners of England,  
That guard our native seas;  
Whose flag has braved a thousand years,  
The battle and the breeze!  
Your glorious standard launch again  
To match another foe!  
And sweep through the deep,  
While the stormy winds do blow;  
While the battle rages loud and long,  
And the stormy winds do blow.

The spirit of your fathers  
Shall start from every wave;  
For the deck it was their field of battle,  
And Ocean was their grave.  
Where Blake and mighty Nelson fell,  
Your many hearts shall glow,  
As ye sweep through the deep,  
While the stormy winds do blow;  
While the battle rages loud and long,  
And the stormy winds do blow.

The meteor flag of England  
Shall yet terrific burn;  
Till danger's troubled night depart,  
And the star of peace return.  
Then, then, ye ocean warriors!  
Our song and feast shall flow  
To the fame of your name,  
When the storm has ceased to blow;  
When the fiery light is heard no more  
And the storm has ceased to blow.

—Thomas Campbell.

and its power an extra-national, rather than international, control of a synchronized system of world trade, might succeed where the old political Geneva setup has signally failed. Into it would fit the Ottawa agreements, the Anglo-United States trade treaty and all the rest, with improvements and universality that would go far to wipe out the economic complaints of Germany, Japan and Italy and open the door to contentment, transmuting the causes of war. —St. John Telegraph Journal.

### Prov. Treasurer Representative on War Loan Board

This week, the first of 1940 and the first of the fifth month of the war is the forerunner of the first big move in the financing of Canada's part in this war.

Almost 20,000 Canadian Soldiers, driven and sailors are now in the United Kingdom awaiting the word to go into action against the Hun, or any other enemy that may be against Canada and the Empire.

20,000 more Canadians are under arms in the dominion, eagerly awaiting a call to fight, while other scores of thousands are awaiting to see into uniform. Canada has been told already been told that she will train dozens of thousands of empire war birds, and that she will be asked to sell millions of pounds of meat and millions of bushels of grain as well as all kinds of armaments, tools, machinery and France.

To finance all this war effort, Canada's government is adopting a "pay as you go" policy as far as is practicable, increasing taxation to an extent which will put no undue strain upon individuals and raising the rest of the necessary current funds by a dominion loan to be handled largely within Canada, so that Canadian citizens themselves can have the benefit.

In forming the committee to govern the loan, the dominion minister of finance, Hon. J. L. Ralston, has appointed representatives to all provinces and paid no attention to politics. Hon. Solon E. Low, Alberta provincial treasurer, is Alberta's chief representative on the committee, having accepted the appointment and having started work on it already.

The non-partisanship of the board, the scope of the work to be undertaken, the extent of Canada's participation in the war and the solidly-founded basis upon which the loan is to be issued, have eliminated any justification for objection to it. Only professional agitators could know that an attack on this nation's economic front would be as serious to Canada's welfare as would an her army itself—and are expected to raise outcry against the plan.

Pending announcement of the date of issue, the amount, the rate of interest and the terms of the loan, all of which are to be advertised widely for the public, it was made known in the report of the dominion minister of finance is to be carried out in a way which will avoid drastic movements that would be disastrous later.

Limited to an amount which can be financed in a very simple manner.

### The SNAPSHOT GUILD

TABLE-TOP PICTURES

A simple "table-top" shot, this football here would add fun to any ball game. You'll like it.

"A LITTLE nonsense now and then," quoth the poet, "is relaxed by the best of men." With that in mind, I offer you the distinct picture of the current football season.

This is a picture, that could be taken with any camera—even the simplest box camera, if fitted with an inexpensive portrait attachment for close-ups. It's printed here just to give you an idea of the fun that can be had from tabletop photography.

"A 'table-top' picture is a small scene or scene which you arrange—then photograph. Such pictures can be either serious or humorous, according to your fancy. And they can be quite simple—or, if you prefer, the scene can be worked out elaborately down to the last detail.

All sorts of materials can be used—tops, odds and ends around the house, bits of carpet for grassy lawns, fluffy cotton for snow, salt or sugar to imitate other sparkling

snow or a sandy desert. Small figures can make yourself—from vegetables, bits of stiff wire, pipe cleaners, wood—and dress them in scraps of cloth or fur. Indeed, the ingenious photographer will find here an unlimited field.

Our football hero, above, is a very simple setup. The ball was propped up on a table, a blanket arranged at the bottom, a helmet on top. The eyes are paper circles with black pupils; the mouth, a patch of gray; black, and white paper. For light, two photo bulbs were used in cardboard reflectors four feet from the subject. This lighting would enable you to take a snapshot with a box camera, using lightproof film.

Try your hand at "table-topping" this winter. It's great camera fun—both in arranging the subject and in shooting it. And everybody likes a good tabletop picture.

—John van Guilder

### Church Announcements

## War Loan

(Continued from page 3)

not be raised conveniently and immediately out of taxation, even with

the higher revenues from war trade, the borrowing is being spread as widely as possible, through the dominion. Every citizen who finds it possible is being invited to participate, for when the war is over the

## DICTIONARY OF DEFINITIONS

Applicable to any small village, and some not so small.

Overseer—Long suffering individual, who is nominally in charge of village affairs, in the human colony, but for the stuffed cats and dolls that one sees at the fair, where you get three throws for a nickel, with this difference—that if it doesn't cost anything to take a shot at him.

Councillor—A man with a mistaken idea of public spirit, who has to give give and take to the service, but demand without increasing their taxes. After being in office for a few years he develops a permanent crack in the neck, through lending his ear to everyone's confidential troubles.

Secretary-Treasurer—A man who should have a head turn of mind, sympathetic, ready to give ever, when called upon, and, at the same time, he prepared to distrust on the least dollar of the delinquent taxpayer, have the knowledge of a chartered accountant, be tactful and non-offending under criticism. However, as he is doubted if he does and does not if it doesn't, it really doesn't matter anyway.

Resident-Ratepayer—A person who demands that he or she, especially, shall be provided with the best of everything, and who elects three times, at stated intervals, to carry out his or her whim, now here, never satisfied, and is always ready and willing to tell the Overseer and the Councillors how to run the village affairs, but he must too sit to try himself, or herself, although he or she is called a ratepayer, they very often don't.

Non-Resident. Ratepayer—This is what you call the silent partner. Not being present to "kick" personally, he usually gets it "in the back" and he will get the service provided but help to pay for them. If he fails to pay his taxes he soon becomes a non-ratepayer.

Merchant—This man is essentially a gambler—he tries to guess what the price of merchandise will be six months ahead. If he buys at a low price of goods and prices go up, he is a "wise guy", and gives his goods to his customers at a lower price than his competitors. If he guesses wrongly, and prices go down, his customers buy from the mail-order houses, and he goes out of business, taking another gamble by selling on time to those that have not the wherewithal to send away. Whether he guesses rightly or wrongly, he has to pay the bulk of the taxes to keep the sidewalks in good repair so that his customers can walk in comfort to the post-office to send away their money-order to the mail order houses. However, he is always engaged for funds for local organizations.

Insurance Agent—This man is always advising you to play safe and not take a chance. He follows this rule himself—he will insure your life for a consideration—but puts in a clause that you mustn't kill yourself to get the money. When he solicits insurance on your house, will tell you that it is much too valuable to take a chance on. If you had a fire he will send a man to tell you that it isn't worth very much more in the first place and was sadly depreciated. His slogan is "It pays to play safe."

Lumber Agency—This is commonly called a yard. This is where you buy lumber to build a house. They will sell you lumber on time, if you haven't got the money. However, apparently not being satisfied that the value of the lumber, plus the cost of construction, is ample security, there is an implicit called a mechanic's lien, which is used by them to pry the mad away as well as the house (if the original lumber bill is not paid). Possibly they have found that so many carpenters spoil good lumber, experience has proved that it depreciates when used. Lumber companies use a special measurement all their own. If you buy a piece of two by four you get a piece measuring about 11"x11" and a six inch board by their measurement is about 5 1/2"x11" and so on.

Dentist—This is a privileged person to whom you are willing to pay money to hurt you. Always looks

dominion hopes to own only itself—the people who are citizens of Canada—for the financial cost of the war. In order that no great problem of external debt will face the nation but, on the contrary, the people of Canada themselves will profit by the dominion's war-trade business and future prosperity.

The interest rate, it is expected, will be high enough to provide a fair non-profit-making on the money loaned to the nation, but how enough to make sure that there will be no financial advantage from Canada's dire need, at the same time allowing the dominion to proceed normally with business, since loans to the province and to the point where the cost of living would be burdensome.

time is the only cheerful-looking person in the month" but at the same time around his place of business.

Theatre—Places where dances and socials are held. He proprietor of this place seldom dances himself but, if other people are foolish enough to pay for the privilege of dancing, he is quite willing to accommodate them for a consideration. Cheers the local patronage by showing a series of night-life in the cities, or life in the tropics, when it is forty degrees below perverve humor was in the good old days outside. His special form of days of prohibition, when it took a special delight in showing drinking scenes to his parishioner audience, sense of the fitness of things.

Doctor—A man with a perverted sick and when they get well sends them a bill and makes them sick again.

Returns—evil for good by charging the fellow that pays him double what he should, so that he can let the other fellow off. Always ready to bring more people into the world and thus having more people to owe him money.

Cemetery—The fact that a pile came into the funeral home "Doctor" was not intentionally. I assure you, dear editor, that is the only place where there are no arguments. Perfect peace reigns supreme. The inhabitants even appear to be satisfied with the government. Even the weeds are left undisturbed.

Teacher—A person who is engaged by the public to teach their children more than the parents know. The teacher finds fault with children and the parents find fault with the teacher! So everyone is satisfied—except the children.

Auto Dealer—A man with a very convincing manner of speech who will tell you a car which is a dud is a good one; four years after he tells you that you should not be driving such an old rattle-rap—finally convinces you that you should have a new car, takes in the old car in trade, and then persuades your neighbor that the rattle-rap is a dud, and it needs a new engine and it will be as good as new, and he takes in the new car in trade, and white paper and spoils it by printing such nonsense as this

## AWAY

A precious one from us has gone, A voice we loved is stilled, A place is vacant in our home Which never can be filled.

God in his wisdom has recalled The boon his love had given, And though his body lingers here His soul is safe in heaven.

I cannot say and I will not try To be his friend, He is just away, With a cheery smile and a wave of his hand, He has wandered into an unknown land.

And left us dreaming how very fair It needs must be, since he lingers there.

And now, O truly who the wildest yearn For the old time spot and the glad return—

Think of him faring on as if he were In the love of there or the love of here

Think of him still as he was, I say; He is not dead: He is just away.

In Memory

The Week In Edmonton --- (By Dan Campbell)

Gophers Carrying Dread Plague To Be Followed by Gas No Spring, Exchange rates hit taxpayers in Edmonton.

Edmonton's post office workers concluded the greatest Christmas volume of business ever transacted just before New Year's, when many carriers and carriers saw the last 400 city-delivered parcels, 26,682 out-bound parcels, 1,750,000 out-bound letters and cards. Deliveries were 35 per cent up on the 1938 figures, and delivery men worked under hazardous conditions with the city streets ice-bound. A small army of extra workers were employed.

Federal government's stabilization of ranch-bred fur prices was promised last week, according to information given out by D. R. Hardy, northern Alberta director on the dominion fur board. In September last fur breeders requested some government move as a means to meet war time conditions. Prices will be fixed at a three year average, Mr. Hardy now discloses.

Alberta will make an early start on a publicity campaign to attract more tourists to the province, and a few days ago special funds for the purpose were appropriated. Owing to

The SNAPSHOT GUILD  
INFORMAL PORTRAITS

Use a portrait attachment to take informal portrait close-ups such as this with a box camera or flex-focus folding model.

SUMMER is an ideal season for informal outdoor portraits of your family and friends, and informal portraits are about as easy to take as any other type of snapshot. Naturally, such informal shots are not to be compared with the work of skilled, experienced professional photographers — but, since you take them yourself for your own album, they do have unusual personal interest. Your informal portraits may show one, two, or several persons, grouped naturally — without stiffness. The subjects should fill most of the picture space; too much background is detrimental. Faces should be turned so that a good likeness is obtained — whether profile, full-face, or in between — but as a rule the subjects should not look directly at the camera.

Two types of lighting are acceptable. Direct sunlight from one side is all right, but straight-overhead lighting from the sun soon produces harsh, displeasing shadows. For a softer lighting, and better likeness, place the subjects in "open shade" — for example, at the edge of shade from a big tree, where they will receive light reflected from the sky, but not direct sunlight.

Informal portraits in direct sunlight require no increase in exposure. In open shade (not under trees or porch) try an exposure of 1/250 second at f/8 lens opening. With a box camera or inexpensive folding type, use the smallest lens opening, and give a very short time exposure — about as fast as you can work the shutter — with the camera on a firm, solid support.

A focusing camera enables you to take reasonable close-ups without a lens attachment, as well as full-figure shots. You can also take full-figure shots and group shots with a box camera if it has a "two-point" focus setting, enabling you to get as near as five or six feet to the subject. But for real close-ups with the full-figure camera, you will need a portrait attachment — a small supplementary lens that slips on over the regular camera lens. The attachment does not change the exposure.

Often, an informal portrait lacks interest if the subject is busy with some everyday activity — for example, filling a tobacco pipe, if a man, or crocheting, if a woman. The action adds story quality — and tells more about the subject. Concentrated action — such as conversation — adds unity to a group picture.

Make a collection of good, informal portraits of your friends and family. They'll justify a special section in your snapshot album.

John van Gulder

to the necessity for a January start it was not feasible to wait until the regular session for the vote. Hence the present action of the government.

Provincial work crews will improve the dominion section of the Grimshaw winter road to the extent of \$15,000, it was announced this week. Clearing and other work will be done. Clearing the province is putting up the money, the dominion has agreed to reimburse Alberta, as the work will be done north of the boundary. Since last summer, Alberta has spent \$1,000 on this 300 mile highway. The money being savings from last year's operations on other road projects.

War time exchange rates are going to hit Edmonton taxpayers hard this year, when interest totalling \$40,000 must be paid to U.S. holders of Edmonton bonds. The payments must be made in U.S. funds, and as the exchange rate now is 11 per cent against Canada, it means that Edmontonians will have to fork out another 11 cents on the tax rate to make up the difference in money values. City Comptrollers recently announced that in its 35 years as a city, Edmonton has borrowed \$50,000,000, has paid \$55,000,000, and still owes \$35,000,000. In its own investments the city has made \$10,000,000.

Troops of the Edmonton garrison will soon have a hospital of their own, when the new immigration hospital, 10th st. clinic is equipped. An army dental clinic will be operated in the building and 41 beds will be installed. Relatives of men on active service are happy over the reduction in parcel post rates recently announced. Henscforth, for men of British Columbia or Dominion forces in U.K. or France, parcels may be mailed at 12 cents a pound up to 11 pounds. Parcels weighing more than 11 pounds may be subject to the standard rates.

Production of high octane aviation gasoline at the Fort Norman plant in the territories will commence in 1940 it was announced recently. This is in accordance with an agreement made with dominion authorities. In return for the remittance of royalties the operators are to drill a new well, install new refining units and reduce prices of fuel oil to 13 cents and of aviation to 17 cents.

Gas attack on gophers will commence in the spring. It was stated this week by Leest-Cool, R. H. Strickland, professor of entomology at the U. of A. Alberta's gophers are known to be carrying bubonic plague—the

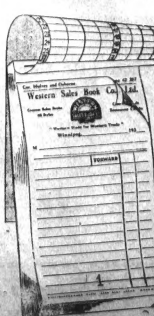

black death of the middle ages—and one Alberta met his death from this disease last year. Like rats, gophers have fleas. The fleas bite humans and inject plague into the blood stream, with terrible results. So the provincial and dominion health departments are co-operating in a mass attack across over wide areas. Assistance of U.S. and B.C. authorities has been obtained, and all workers will be rendered immune. The war on spotted fever will also continue, provincial funds being voted for this at the last session.

Mrs. E. Gougeon and daughters who had been visiting in Carsland, returned to Bassano last Thursday evening. Arthur Baragat, who was visiting with Mr. Gougeon in Bassano returned to his home in Carsland on Friday.

## Weekly Recipe

### HINTS ON FISH COOKERY

If you have never done much fish buying or cooking you will need a few pointers to enable you to get the best for your money. For those who are old hands at this department of view of the points to remember when purchasing and preparing fish will not come amiss.

The housewife is wise to find out what varieties of fish her locality offers when purchasing fresh fish and the season when it is abundant and moderately priced.

In selecting fresh fish, look for smooth, moist skin, firm flesh, fresh odour, full bright eyes and gills, and firm fins and tail.

One pound of fish fillets usually serves three persons but when buying whole fish with head and tail, count on about half a pound for each portion. Keep the fish in a tightly covered pail on ice or in a cold refrigerator. If it cannot be kept cold, cook at once and reheat later.

Fish has a high nutritive value and is easily digested. There is little waste in preparing it and takes only a few minutes to cook which added up, makes fresh fish a delicious as well as economical dish.

### BAKED WHOLE FISH

Fish weighing 3 to 6 pounds (salmon, mackerel or whitefish).  
Oil or melted fat.  
Finely sifted bread crumbs.

Prepare the fish by cutting off head, tail and fins, then splitting it down at the backbone like flounder handle so that it will lie flat open. Oil a baking pan and place fish in it, skin side down. Sprinkle well with salt, then strew all over with finely sifted bread crumbs. Now sprinkle over it oil or melted fat. Place in a hot oven of 500 degrees. Add no water. Bake quickly until browned, allowing about 10 minutes per inch thickness of fish. The heat may be reduced for the larger fish towards the end of cooking time.

Colorlessly fried onions, if liked, may be strewn over the fish before the blanket of bread crumbs.
